

LYMPHADEMA COMPRESSION PUMPS & GARMENTS

HUNTLEIGH FLOWTRON® Home Care Intermittent Compression System

The therapeutic value of intermittent compression is provided to enhance venous and lymphatic flow. It also offers a choice of 9 garments.

PUMP

AC200HC Pump

CONSOLE™ GARMENTS

FTRL50	Half Leg 19 3/4"
FTRL66	Full Leg 26"
FTRL71	Full Leg 28"
FTRL76	Full Leg 30"
FTRL84	Full Leg 33"
FTRL92	Full Leg 36 1/4"
FTRA51	Half Arm 20"
FTRA68	Full Arm 26 3/4"
FTRA78	Full Arm 30 3/4"

- Increases venous and lymphatic flow
- Patented Console garments are designed for maximum comfort
- Console garments are soft and pliable, prevents pinching or chafing, washable and feature full length zippers for ease of use
- Pump is lightweight and portable with a single pressure control
- Cycle time preset at 90 seconds for inflation and 90 seconds for deflation
- Ideal for home use
- Inflatable inserts are available to increase garment circumference
- Pressure range: 30-90 mmHg

HUNTLEIGH FLOWPRESS® Sequential Compression System

With its sturdy, dependable pump and 8 garment choices, this system is unsurpassed for enhancing lymphatic and venous flow.

AC300 Pump

CONSOLE™ GARMENTS

FPRL50	Half Leg 19 3/4"
FPRL66	Full Leg 26"
FPRL71	Full Leg 28"
FPRL76	Full Leg 30"
FPRL84	Full Leg 33"
FPRL92	Full Leg 36 1/4"
FPRA68	Full Arm 26 3/4"
FPRA78	Full Arm 30 3/4"
BL300	Bilateral Connector

- Can use 2 garments at once
- Increases venous and lymphatic flow
- Console garments are soft and pliable, prevent pinching or chafing, washable and feature full length zippers for ease of use
- Lightweight, portable pump distributes air sequentially to 3 garment compartments
- Ideal for home use
- Pressure range: 30 - 100 mmHg
- Approximate cycle time: 2 minutes inflation (sequential) and 1 minute deflation
- Inflatable inserts are available to increase garment circumference

HUNTLEIGH

Inflatable Inserts

IPL50	19 3/4"L
IPL66	26"L
IPL71	28"L
IPL76	30"L
IPL84	33"L
IPL92	36 1/4"L
IPA68	26 3/4"L
IPA78	30 3/4"L

- Inflatable inserts are designed to increase arm and leg circumference
- Inflatable inserts can be easily zipped into your existing garment
- Inserts may be used with all Huntleigh garments

HUNTLEIGH FLOWPLUS® Gradient Segmental Compression System

This patient-proven system delivers exceptional results in lymphatic and venous insufficiency treatment employing gradient segmental compression.

PUMP

AC330 Pump

CONSOLE™ GARMENTS

FPLL50	Half Leg 19 3/4"
FPLL66	Full Leg 26"
FPLL71	Full Leg 28"
FPLL76	Full Leg 30"
FPLL84	Full Leg 33"
FPLL92	Full Leg 36 1/4"
FPLA68	Full Arm 26 3/4"
FPLA78	Full Arm 30 3/4"

- Increases venous and lymphatic flow
- Augments extracellular fluid drainage
- Reduces swelling and enhances wound healing
- Its 3-chambered design employs gradient sequential compression as the garment extends over the limb
- Considerable reduction in ulcer size when used as an adjunct to the treatment of leg ulcers
- Console garments are soft and pliable, prevents pinching or chafing, washable and feature full length zippers for ease of use
- Lightweight portable pump features pressure gauge, pressure regulator dial, low pressure alert light, illuminated on/off switch and hanging strap
- Inflatable inserts are available to increase garment circumference
- Ideal for home use

Pump

CONSOLE™ GARMENTS

TR101

Half Leg 21"

TR102

Full Leg 30"

ST120

Full Arm 31"

- Safe, effective treatment enhances lymphatic and venous flow
- Effective in reducing healing time of venous stasis ulcers
- Lined garments with full-length zippers are durable, comfortable and easy-to-use
- Individual, adjustable controls deliver distal to proximal three chamber gradient compression
- Lightweight, portable pump provides visual display of segmental pressures
- Internal safety controls prevent the pump from producing a reverse gradient; the patient is protected
- Available in 3 garment choices

CHATTANOOGA

A.E.R.® Boot (Auto Edema Reduction)

CHAT4336

With Hand Pump (Gray)

- Simple, extremely effective compression device works through natural mechanical action to produce a dynamic reduction of fluid from a lower extremity
- Forces air from a chamber beneath foot to exert a massage-like compression on the ankle and surrounding tissues
- Includes hand pump (not shown)

CHATTANOOGA

CHAT43093

Full Arm 3 Chambers - 30"

PRESSION MULTI 3:

- Designed for easy use
- Use with either uniform or 3 chambered garments

- Inflates two garments simultaneously
- Quick inflation rate
- Adjustable pressure with Digital Meter
- Simple pre-set inflate (72 seconds) and deflate (18 seconds) times

- Quiet, reliable and maintenance-free cyclone pump

PRESSION MULTI 6:

- Designed for easy use
- Use with either 3 or 6 chambered garments

- Inflates two garments simultaneously
- Quick inflation rate
- Adjustable pressure with Digital Meter
- Therapy timer from 15 to 120 minutes
- Adjustable inflation/deflation times

- Quiet, reliable and maintenance-free cyclone pump

SEQUENTIAL (FOR MULTI 6)

CHAT43036

Half Leg 3 Chambers - 20"

CHAT43149

3/4 Leg 6 Chambers - 26"

CHAT43032

Full Leg 6 Chambers - 32"

CHAT43034

Half Arm 3 Chambers - 17"

CHAT43035

Full Arm 6 Chambers - 30"

- Strong, lightweight nylon-reinforced polyurethane
- Features a flexi-walled inflation socket with a specially designed connector to assure secure hose retention and prevent air shut-off even if the hose is kinked or flattened

Extremity Pump® Sequential System 7500

PUMP

147500

PNEUMATIC SLEEVES

147514

Medium Arm - 30"

147535

Medium Leg - 8 1/2" +

147537

Long Leg - 33 1/2" +

COMPRESSION PUMP FEATURES:

- Sequentially inflates air chambers distally to proximally
- Pre-set inflation and deflation cycle
- Adjustable pressure control

- Color-coded pressure gauge
- Safety alarm system
- Kink-resistant, color-coded tubing
- Able to treat two extremities simultaneously (with adapter tubing)
- Lightweight and compact
- UL approved for home use

SLEEVE FEATURES:

- Color-coded parts simplify set-up
- Anti-reflux safety valves (designed to prevent reverse inflation)
- Soft, nylon pile, inner liner
- Durable construction
- Multi-chambered
- Machine washable
- Longitudinal zipper for ease of application
- Variety of sizes available
